Evening Richard,

The price you quote seems too far from my direct quote from the manufacturer but will inquire.
I have concerns that this is not an apples to apples comparison. Please relay any quote you received so we can ensure they are the same product and KWh.
I was also of the impression we were having a discussion.

brian,

we spoke to the battery manufacturer and they will sell us 3 of the same for 190,000.
so I suggest you purchase them, install them and we are even..
otherwise we will file an action that will include damages....and they are significant
your choice...
