Morning

Rusty was onsite Saturday and delivered fiber for RO

He is proposing a WiFi/Fiber solution

LSJ

Fiber to primary location with WiFi Redundancy , main compound

WiFi everywhere else

Gsj

Move pole closer to Mikes Cottage and House Switch etc in cottage , a more secure controlled environment

Fiber from cottage to main compound

Wireless to Tiki

Other items

Movie room

Will forward info on new 8k projector

Front sub sounds flat and if interest he has sub for you to try out?

Flag Pool System

One sub is blown, hence clipping noise

Recommends removing receiver and installing a simple preamp

Pointed out wiring issues which we will address

Tiki

Again remove receiver and install pre amp

Clean up wiring

I'll reach out this morning regarding this work
