latest unconfirmed rumblings i am hearing from daphne and anna

- 1) for past 9-10 pay periods since Jules has had loan they have marked him present for working 11 days every 2 weeks
-> comment is that extra day at 202 per day covers his loan repayment yet neither anna or daphne can confirm how many of those Saturdays he actually worked..
- 2) Okeem Friedman (Kito) - often shows up late as he has a night job and is always paid for full days..
-> both anna and daphne have seen him at dock at 7:45am...
- 3) Peter on vacation for 30 days yet no one is aware of this
- 4) Glidden boat that sank and was gifted to Randy is already back in the water and working...

When Jules worked on Weekends. I use to send Bossman pictures at the end of the day.
I don't think they send him anything on the Weekends so they can say and do whatever they want.

Brice and Karen feel like they don't have to do what I did for Bossman because they're older, have more experienced and are considered professionals.

They might be professionals but I was trained very well to Protect and Serve one person "Jeffrey Epstein" and I worked hard under all circumstances.

I take my job very serious and I'm very protective of him, that's why I'm so upset because they treat him like a

visitor or a guest. It's just unbelievable
