Hi Jeffrey,
let me know if you'd like to meet Neil.
He's radically smart and I think you'd like him

Jeffrey,

Happy Thanksgiving! Thank you for all advice, time and your ideas and presence in my life.

A close friend of mine Neil Serebryany is visiting New York next week advice elk. He's 20 years old genius, Thiel fellow. Last year he simultaneously built two seven figures revenue super profitable online businesses. Few months ago he started doing a security for AI company (super important topic) with a number of significant advisors from Washington. Raised money from Palantir founders and a few hedge funds. He's extremely technical and smart. Walking encyclopedia. He knows a lot how security for governments is organized from technical standpoint.

I meant to introduce you for a while. Can I connect you?
