Rich

attached photo's of the main garage door locations, and existing condition of Doors

Proposals from BDC Door, \$154,640 and Windsor Doors, \$175,214.35

Existing Doors Total: 21

New Doors 14

Nearly all the doors except the three on the pole barn are original to build

The main issues are they do not seal properly and allow rain and dust in Garages

Most of the bottom panels are rotten and the tracks need replacing

How do you wish to proceed.
