Rich,

Pete and I have already negotiated a reduction of \$8,264.40 from the PreLim invoice I sent you last week,

Removed, \$5,211.40 For excessive troubleshoot charged to invoice, NAV Radio.

Removed \$3,053.00 for excessive troubleshooting charged NutCracker issues.

NOTE, we also where able to prove to Westfield's Inspection Dept, the Front and Side windshield's where within limits per the Gulfsteam Manuel, Westfield tried to have us change the Front Main windshield for \$52k, As well as the side window for \$17k ,

I still have some discrepancies to discuss with Westfield, [REDACTED] hoping for an addition \$3 to \$5,000 reduction of this final invoice tomorrow.

Westfield accepts AMX Credit card with No Fees, if you approve of AMX Payment?

EFTA01016567

I'll call you tomorrow to present the final amount and answer and questions.

Thx
Larry
