please find the revised letter addressing these points.. in particular note the new sentence relevant to packing my materials without my consent, and the statement at the end regarding damages..

Thanks.. these are good points.. re the use of funds.. they have allowed me to use my funds to go to the University to carry out tasks, like cleaning my office, meeting with committee members, even during the period of administrative leave.. Thus, while I will not ask for funds to attend outside meetings, which I agree may make it appear that I represent the University, I will ask that they allow me to use funds to return to the University, as they have in the period since July 31. I will ask for compensatory damages. Should I indicate what damages? If so, funds to meet with and obtain materials from those who I have been forbidden from meeting, funds to access information that I have not been able to access by being at the University when I have wanted to be there.. Anything else?

I will emphasize the pack and ship thing more strongly.

first sentence not good english I am writing to you as I believe you are the chair otherwise it appears as if you are the chair, you cannot use funds as that is indicia of representing the university as you know from your australia trip. he told you they were going to- pack up your stuff and ship . like it or not. that is a strong point. you want to committe to recommend that you receive compensatory damages.

attached.. I will attach my settlement agreement, and emails from the Dean and Provost to this, and will email later today I hope.

I am preparing my complaint to OEI against Dean Kenney for creating a hostile work environment and retaliation against me for complaining about his decision to recommend my dismissal in July.
