Jeffrey

Chip has an ear infection so he is out of service for a week,

Today's update is earliest test flight on GIV would be Friday the 9th,, but realistically it will be Noon on Monday the 12th,,

Wendy is ok with test flight on Monday, buyer is only installing a Stripe on the plane, so her paint slot can slip slightly, and plans to close on Tuesday the 13th,,

Final prebuy report will be given on Friday afternoon.

I will fly the Paris trip with Dave Friday morning,

Thx

Larry
