Dear Dr. Chopra,

I hope this email finds you well. On behalf of the Misk Global Forum team, it is my great pleasure to share with you an invitation to speak at this year's annual gathering, taking place in Riyadh, from 14-15 November.

In this rapidly changing world, young people need to acquire new skills in order to be able to lead a fulfilling and healthy life, and this year's theme will therefore be Skills for Our Tomorrow.

Chaired by His Royal Highness Crown Prince Mohammed bin Salman, Misk Global Forum has become a globally recognized initiative that brings young leaders and innovators together with established global figures such as yourself to explore, experience and experiment with ways to meet the challenge of change. With over 75 countries represented and 100+ featured speakers, we have built a unique platform reaching out to 180 million individuals worldwide.

I hope you can take part in its third edition to share your remarkable achievements and make a lasting impact on global youth.

I am available to discuss the above at your convenience.

Thank you very much.

Best wishes,

Save the date! November 14-15, 2018

Tina Schneidermann

Program Lead
