Here is my reworked version after we talked... for your review. the abor stuff is more succinct than in your version, and gets the point across about due process without other details, and makes it seem almost obvious why I wouldn't go that route. I also cleaned up some of the other language, and made it 3 paragraphs, not 2, including what was not in there before.. a clear denial of harassment, assault or gender bias..

I know it is longer than you like, but I think it is ok length.
