---

Greetings all, On Wednesday As we left LSJ with Nanna for Offshore, they called that they had an emergency at their dock and cancelled, they rescheduled for today Friday. Ive been in contact with Aubrey owner of offshore trying to expedite this process but the rainy weather keeps comming up, as everything must be bone dry and the install is conducted on a outside shed. The tube is at their facility but cannot be opened inside due to size. I will contact Aubrey today and try to get a completion date. I apologize for delays.

respectfully  
Carlos

Greetings all, I spoke with offshore marine today and they are running a bit late on tube. They would like us to bring Nanna in on Wednesday Oct 17th or afternoon of 16th to commence tube change, they should be done by weekend. They are requesting that Sportis is brought by trailer on Friday 19th so the same person installing Nanna tube can see tube take any notes if necessary and remove it. If any changes occur I will communicate asap.

Respectfully  
Carlos
