I made two changes. I added "the end of this academic year" to the university statement about my retirement... perhaps they didn't want exact date.. I think it is important to indicate I am not retiring effective immediately.. but I can clarify this in my statement so if that is a big sticking point I also have a version without that change that I can send. I corrected your name, and added my middle initial. You have it now to hold on to today.. I am going to take a nap now and then will contact you after I wake and shower and have heard from jeffrey and nancy with confirmation. After that, you can sign and send in.. I really would like you to get them to hold off releasing the other documents for Public Record request for at least a week.. because we need to check about them defaming Amelia, and also whether they can also release my appeal docs. (redacted).

Anyway, here is the pdf of the tentative signed version of the contract.. and also my planned letter to Crow with a few more ammendments to make it clear it is for his eyes only and the purpose is to help university.

talk in awhile.
