---

Afternoon

Dulce will only be out for the day of the spinal injection, then there will be 4 to 6 weeks of physical therapy 3 days a weeks for an hour

There will be a review at the 4 week mark to see if pain is under control, if so the plan would be to repair her torn Achilles Tenon

Basically she will be still working until the end of Nov then possible surgery mid Dec

I also plan on having [REDACTED] assist with moving etc
