Subject: G550

Date: Sat, 13 Oct 2018 20:46:08 +0000

I just met our new neighbor at our office in Atlantic Aviation,

Rory Macilroy the young Golfer,

His pilot told me He just bought serial 5113 in November (pretty sure of the serial #) G550 for \$22M and spent \$2M on paint and interior at Savannah,

It was bought and managed by a company called ZenFlight,, sounds like they didn't get a good price??

Somebody made some money!
