Justin,

I'm writing to follow up on our conversation and correspondence yesterday regarding the proposed settlement.

ASU is willing to agree that any funds donated by the Brown Foundation that remain unspent may be transferred from the ASU Foundation to another non-profit organization, if the Brown Foundation so directs. At this point, I've been able to determine that there is a total of \$1,209,479.32 on deposit with the ASU Foundation for the Origins Project's operating expenses. Some of that may be from other donors, so it is possible that not all of it would be transferred. But whatever is attributable to the Brown Foundation would be transferred, provided that the Brown Foundation directs the ASU Foundation to do so and tells it what nonprofit should receive the funds.

Although I do not agree with your analysis, we will agree to remove the reference to the ADEA from the release paragraph, which should put an end to the discussion regarding whether it is necessary to provide your client with a review period or the option to revoke.

ASU is not willing to extend the retirement date beyond May 2019 or make additional payments, nor is it willing to transfer the funds in its local accounts to another institution.

I have attached a revised agreement along these lines. I am available for discussion as needed.

Best wishes,
Kim
