Dear Members,

As a commitment to your ongoing health, we offer all of our members a complimentary flu shot. With flu season officially here, we strongly encourage you and your family to visit our clinic and receive your vaccination.

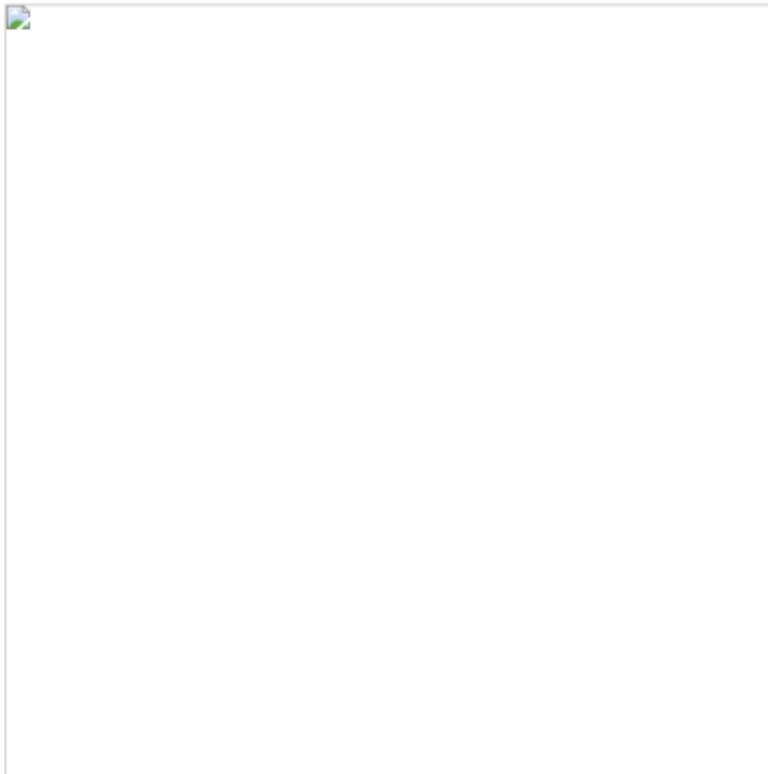

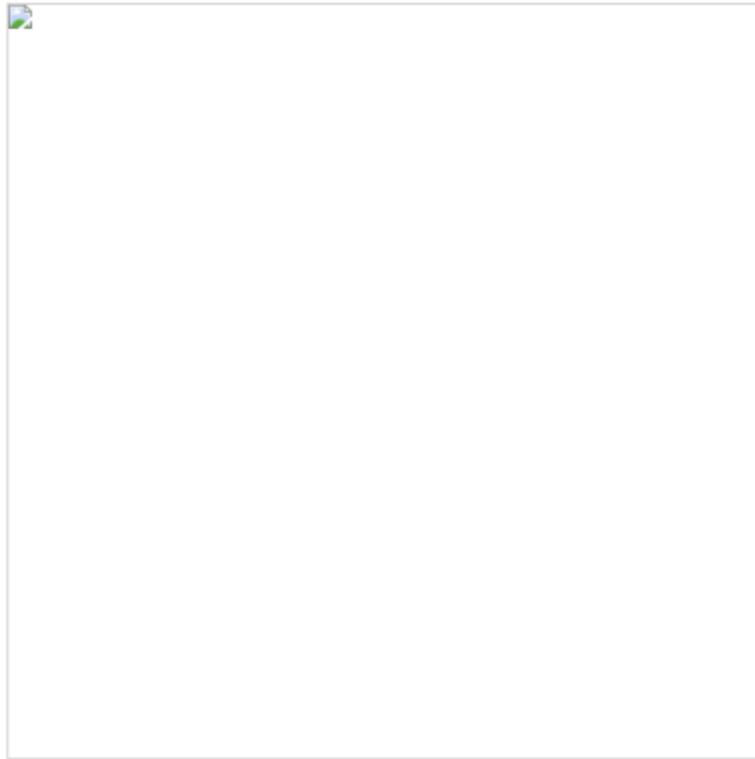

WHY SHOULD YOU GET YOUR VACCINATION AT PRIORITY PRIVATE CARE NOW

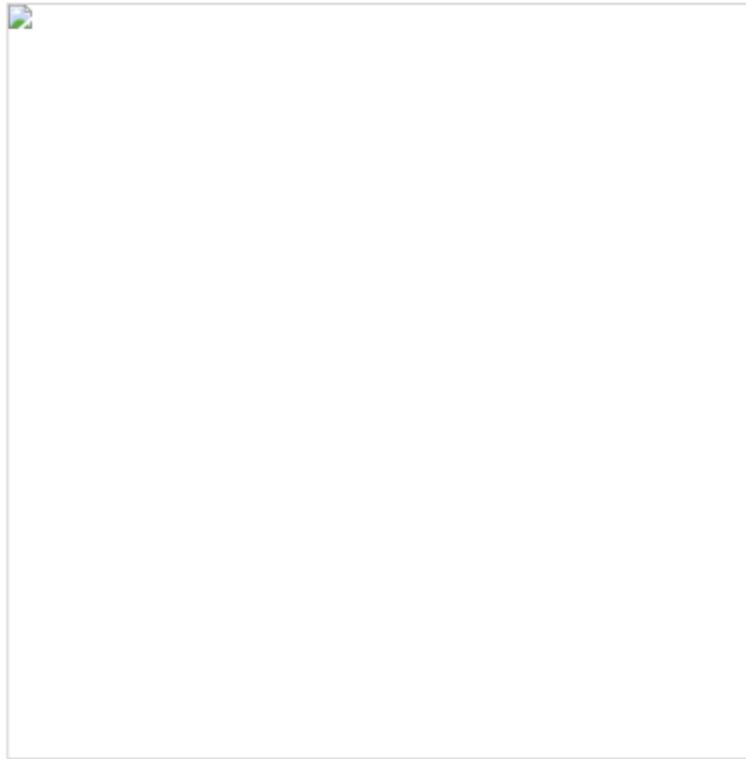

We exclusively use preservative-free, quadrivalent shots
Our flu shots use no mercury or other preservatives and safeguard you from four of the most common flu strains, rather than three.

Time is of the essence
By getting your flu shot 2-3 weeks before the flu surge in late-October, your body has time to develop resistance throughout the duration of the flu season.

There is a lot of conflicting information about flu shots and vaccinations. If you've got any questions or concerns, we're here for you.

Dr. Ben Stein
Medical Director
(646)-687-7600

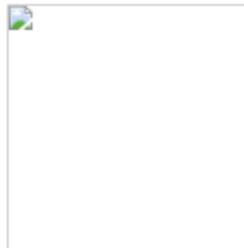

"You can have a VIP emergency room doctor on call, for a price"

"An E.R. that treats you like a VIP"
