Jeffrey

GIV is in Westfield perfect flight,

Chuck, who is Wendy's brother, has no personality at all,, didn't want to speak much about the BBJ2,, only mentioned they have a lot of buyer conditions that he would not expand on with me regarding their offer,, Chuck didn't seem well-versed on Boeing market, when I mentioned the Oregon airplane that sold for \$12M ,, he said he didn't know anything about that, most likely he's lying.

Told him you were offered a BBJ at \$12m price point,, he didn't say anything,, except what Wendy mentioned, the BBJ2 value is \$5 to \$8M more in blue book value,

We are closing the G550 up now, just fueled,, and ready for tomorrow

Flight time 6+25min

(+65kt tailwind)

Still 7:30am wheels up?

Thx

Larry
