---

Mr Epstein,

I just received the schedules from JPK and need some time to pick through them to make sure they are accurate, I do not want to give you bad dates. I can have the master schedule for all projects updated by Monday ready for your review. Do you have specific projects you want to see today (Cabana 1&2?). I will refocus my energy there to get you something today if you would like.

Very Respectfully,

Kyle Reavis
