Update

I reiterated my concerns too Gilbert Luna regarding the Paving Project yesterday
He advised he will review and get back to me today.

I will be Sending an e mail today formally expressing my concerns to Gilbert Luna, with photo's

I anticipate meeting a paving rep from MSC (Mountain States Construction) late today to review work.
MSC supplied Paving for both White Lakes and Simms Road,

I have attached photo's of the surface from White Lakes Road, which by all accounts is a similar application to that of the Ranch.
It appears the surface on White Lakes Road is more compact and a smother application than that of the Ranch.
We also applied water to the paved section this morning, and this confirms the unevenness of the surface.

I have rescheduled my return for Sunday night, arrive Monday STT.
