TLDR: Im working with Joi now to accept the funding and he needs to know when it would start and how (from whom?) we would receive it to move forward with logistics. I would prefer a Dec. 01 2018 start date if possible. I have the plant biochemist I mentioned to you set up to start then and that would give me time to identify a proper bio-statistician. IF thats OK I'll move forward with that.

Two docs attached:

- Plant Sentience Research Project Summary: draft outline doc for internal use for Joi to use to coordinate funding with VP office, etc.
- 1 Page Summary: Executive Summary

best
