---

Not sure I remembered to tell you that Woody wanted to test giving me [REDACTED] - a few days before I was expecting [REDACTED] I never got one that month but thought it could have been a coincidence and then forgot about it. This month I didn't do it and the [REDACTED] is back, right on schedule...

Hmm, [REDACTED] may not be a bad solution.. I wonder how safe it is to do once a month.
