---

can it extend past the arm and be hinged to the front of the divan arm this still looks like holes in the top of arm. ??

Jeffrey,

Please review the attached drawing.

It is the same idea of a half bulkhead but when removed will have no attachment points visible on the arm.

Doing a full bulkhead poses a lot of issues with installing and removing it due to the curvature of the aircraft, the fact that it is beyond center and just the actual size of it.

Please provide feedback asap

Thank you
