Jermaine,

Please coordinate this around the Viya engineers' visit tomorrow at 10AM. Thanks.

With warm regards,

Cecile de Jongh

Hey Jermaine, just took a moment to look at this and need to say that it looks like a good piece of equipment but we don't have any use for it on LSJ. That machine is designed for digging in dirt and we do not have much of that here on LSJ. We Trench in rock out here.

When you have the time I would like for you and I to go over our ideas for the new cabling between the gym and the generator building. It would be best if you came out and saw what I will be referring to.

Wednesday would be good.

Let me know.

Thanks,  
MG.

Good Morning All

Here is a picture of the trencher Sherwin just sent.

Good Night All

Sherwin Rey has informed me that he will have a trencher with 6" wide for installing conduits. He will be will to rent it out with operator if needed. The unit will be on island in 4 to 6 weeks.

Regards

Juan
