The Trilateral Commission is a non-governmental, policy-oriented forum that brings together leaders in their individual capacity from the worlds of business, government, academia, press and media, as well as civil society. The Commission offers a global platform for open dialogue, reaching out to those with different views and engaging with decision makers from around the world with the aim of finding solutions to the great geopolitical, economic and social challenges of our time. Its members share a firm belief in the values of rule of law, democratic government, human rights, freedom of speech and free enterprise that underpin human progress. Members are also committed to supporting a rules-based international system, closer cooperation across borders and respect for the diversity of approaches to policy issues.
