Afternoon

attached photo's for your reference

The pool cabana awning was purchased 5/11, for a cost of \$3193.82

We are having issues finding a replacement motor. Also the frame is showing signs of corrosion.

Therefore would recommend we purchase a new unit with a wind sensor,

Cost \$3000.00

The existing unit is 14', which just covers the door opening and really doesn't provide much protection

There is the option to Expand Width of Awning up to 20', would you prefer to expand Awning,
if so what width do you prefer. 16', 18', 20', **Fabric White**
