That's not right he asked for the survey and I have been waiting for him to tell me what he wants us to do about the difference. He has never asked for me for pictures from near the library. I don't even have pictures of near the library because never asked for that.

I am really not happy because that is not at all what he asked for. As you know he asked for survey which he has. I'll call him again. Would you be available in about 30 minutes when I get out of here to be on a call with him.
