GROUNDWORKS

i spoke with Justin today who confirmed that he did not install original Sylvester Palms in courtyard however he can assist with sourcing
i asked if he knew Palmco and he said he knew of them but had better sources.
Justin buys his Palms from a nursery in Vero (1.5 hours north of Palm Beach)

Justin would be happy to go to Nursery early next week to take photos and obtain pricing
Justin would also like to assist with install once we gave him clear instructions..I stressed that we need all 4 to match perfectly..
Justin said we should use a 80/20 sand mix when setting in the ground as palms will root much better and faster (3-4 months)..

Please advise on overall height vs cleared trunk desired? diamond cut? quantity?
Thank you

Attached below is Justin Memo from Feb 2015 along with Palmco invoice from April 2018
