Hi Richard: Thank you for your patience. It has been determined that we will not be able to conduct H 160 demo flights until December. This is due to a very extensive certification test flight schedule that is necessary to keep the program on track.

We can certainly support a visit to our facility on Sep 10, and I would be happy to meet you there. I want to ensure you have a valuable experience with us, and will continue to work toward providing a flight as soon as possible.

Thanks, Glenn

Hi Richard: For processing the visit request to access our facility, we will need a copy of passports for all visitors in the group. I am still awaiting an answer whether an H160 demo flight will be possible. If Sep 10 is not possible, would a later date that week be feasible?

I am already planning to meet another customer at the plant on Sep 10 for a factory tour, and possible H160 demo flight.

Thank you, Glenn
