Hi.. I have been thinking about lawsuit in Australia (perhaps the first of several ones we will be involved in). In Australia all one has to do is show she lied about facts in a public document.. even if she was just repeating false facts from someone else to use to impugn me. The three unassailable facts are:

1. There is no photo of me touching anyone's breast.
2. There was no claim of me doing anything similar regarding the woman at CWRU
3. I have never threatened anyone with litigation to cause them to remove any blog.

There are of course other lies, but I think if we focus on these lies in her effort to impugn me that we have a solid case. I would like to begin the process of exploring counsel in Australia. Are you on board? Note that none of this is retaliation against her claim at ASU, but against her public claims associated with this.
