Greetings Rich,

Notes from my meeting with Mr. Jesus M. Andujar (Omega Services):

1. JMA quoted to re-wire back end of Generator - \$15,000 - August 8, 2018 (note: at end of meeting JMA said he had the part for about 2 months prior, awaiting a decision from MG on whether LSJ wanted JMA to quote and complete the job)
2. LSJ gives JMA a deposit of \$8,000 - August 8, 2018
3. JMA cleans up and paints the back end - sends photos to MG - August 9, 2018
4. JMA orders the wiring - arrives 2 weeks later, the wrong gauge (14 not 15 gauge) - August 23, 2018 (approximate)
5. JMA informs MG, Boscoe, Randy and Ashley (Plan B contractors) that the wiring is incorrect - must be reordered
6. JMA receives the correct wiring, begins to work on project - mid-September, 2018 (approximate)
7. Boscoe stops in one time to JMA to see progress - both discuss the complication of the job - will take time
8. JMA completes the job, texts MG to please call him, the job is completed - November 5, 2018
9. JMA still trying to contact MG, no response - November 22, 2018
9. JMA gets no response from MG, comes to STC to seek help in contacting MG - between November 26 and December 14, 2018
10. I contact MG to tell him JMA came to the office please call him, he tells me he has blocked his calls - took too long for the job
11. JMA calls the office, I put him on hold, call MG and offer to conference them in, MG says no he will call him directly

12. Per JMA, MG called him and told him to keep the part, it is no longer needed

I also have a recording (13:26 minutes) of the meeting, and a copy of the texts that JMA sent to MG.

JMA has the part, shrink-wrapped and secured at his shop. He told me that he would hold the part for a year.

Kind regards, Daphne
