Dear Jeffrey,

For the new year, I wish you health, inspiration, and joy on your journey! I have sent a small print of my father's to your NYC address and hope it arrived.

Last week, I visited AI Foundation's main office in Las Vegas for a week of working and getting to know the team. I think I will have a very productive and interesting time with them; they want to build virtual humans using my emotion/motivation model, while publishing research. We have found a house close to Stanford and the German school and if all goes well, we will move in February.

As always, thank you for your support and help.

Sincerely yours,

Joscha
