Greetings Sir I have spoken to BVI painters about the cracks on Nautica, I am awaiting response to see when we can bring it back to fix cracks. On Monday when myself and Randy picked up the boat none of these cracks were on the boat. Upon arrival to AYH Randy pointed them out and I took pictures. Next day boat was used and cracks became bigger and more of them surfaced. I spoke to Tim Albano who did the nautica survey, his opinion is that the boat is flexing significantly enough with the heavy pilot house and lots of weight on back. I would like to request you permission to take boat back to tortola and fix this issue at their expense.

Thankyou

Carlos
