Jeffrey

I got a call from Neil Humphery, who is Randy Learner's Chief pilot, they bought your first S76 serial 667. Neil told me that Aetna is closing their Helicopter Operations, They are selling your second S76C++ serial 750 / N722JE., that Eric completed the interior. We sold for \$12.5M. Neil says N722JE has 1,400 hours, Price could be \$3.5M to \$3.7M??

Lowes just sold their 76C++ Serial 740 ish, for \$3.7M, it had 1,100 hours,

Aetna's flight dept is top notch, great Heli Maintenance.

I'll try to confirm the above info, if your interested?

Thx
Larry
