Greetings to All,

Boscoe, thank you for that information.

Is JE is already aware that Mr. Jeffers would like to mobilize next week, and is okay with the days?
Does Mr. Jeffers already know exactly where the aggregate and equipment is to be staged, so when the trucks and equipment come off of the barge they know where to go?

Subject: Concrete Road Projects - February 1, 2019

Greetings to All,

I am assisting as a point of contact for Mr. Eason Jeffers (Quantum Vision Construction) with the upcoming project until the new Project Manager is identified.

Mr. Jeffers would like to begin mobilizing aggregate and equipment to LSJ. His needs are as follows:

Monday, 2/4 - (5) truck loads of gravel (approximating 100 tons)

Tuesday, 2/5 - transport (1) skid steer and (1) backhoe

Mr. Jeffers needs confirmation that it is okay to begin his mobilization on Monday and continue on Tuesday. The barge is scheduled and the times the aggregate and equipment needs to be at Red Hook for transport. Where on the island is the aggregate and the equipment being staged and stored.

Mr. Jeffers can be contacted directly on his cell phone which is [REDACTED]

I sent this email without Mr. Jeffers so the arrangements that are required in house can be handled first.

Please reply all with the information to be relayed to Mr. Jeffers, so everyone is in the loop.
