Hello:

I meet with Kyle today to find out what jobs he was working on. He told me that they were:

1. pebble beach concrete footing pour. Dupson is up to speed on what needs to be done. I recommend that LSJ use Droopy [REDACTED]. He is very familiar with the Car Mix. He has run the machine many times while pouring concrete for me in the past. I don't recommend that any one with only a few hours training operate this machine and the pebble beach is down a dirt incline which will make it more challenging. If one of the LSJ heavy equipment operators works with Droopy a couple of times they will be ready to operate the Car Mix. I related this to Mike Gliden and gave him the number of this operator.
2. Q- hut: expert builders. Kyle says that Mike is up to speed with this wok
3. Boat Ramp: expert builders and Jules are doing this work with additional grade beam. Mike is up to speed on this job.

Kyle will return radio and parking sticker tomorrow.

Greetings Mr. Knoepfel,

I do not know if you have had any contact with Kyle this week. I am kindly asking that if you see or speak with him, please ask him to return the AYH parking sticker I gave him earlier this month to my office, or to you if it is more convenient for him.

My number is 775-2525 or 690-0892 if you have any questions or concerns.

Kind regards, Daphne
