We need a solid carpenter and tile layer. Sylvester has skills, but they are definitely limited. I have a guy. I would like to contract with him for projects. He is very talented and lays beautiful floors. He's coming to hang the mirrors for me tomorrow because I want them level and right. He will be great to have in our back pocket. Hoping this will be okay.

I think it would be helpful if I could work with Cashkim to create a before and after portfolio to provide a different perspective. We are making amazing progress, but his photos do not show that. Landscaping, painting, and carpentry divisions have received ceiling to floor paint to address rust and floors are epoxied. Engineering floors also epoxied. Tiki ceiling in progress, mirrors going up, pool grates in, Cabana 4 wall patched and drying in preparation for sanding, so much more in addition to lots of landscaping. We bought all new clamps for pipes, etc to replace rusty ones. Speakers going up in theater room. Holes will be dug this afternoon for turpentines. Excavation for LSJ barge ramp. Xmas lights removed from palms. Gratto shade structure is up.
