Typical Shaun, he still can't divulge a price for hanger or office space per square foot.
You asked a simple question!

My gut says: His price is going to be outrageous

Richard,

We are still working on final numbers. The first 9 of 28 steel trailers is enroute to St Thomas.

We have open hangar space on the eastern side that could be build to suit your needs. You could also have direct access to/from the hangar.

I mentioned this to Larry and we would be interested to know how much space you would need?

The G550 is 96ft long by 94ft wide. We could accommodate this, the helicopters and all accessory vehicles/trucks in your private section.

I would need a list of additional support items you intend to keep in the hangar.

Shaun

Shaun,

Please send info on Hangar leasing costs, office space and fuel as discussed in our meeting. Thank you.

Richard, Darren and Larry,

Thanks for meet with me today.

I will be sending you information on the hangar (for G550 and Heli), office space (it will be a shell and you can finish it however you wish) and fuel.

Have a safe flight home.
