Hi Jeffrey,

We are going to start fundraising for Valar Fund V in January and wanted to see if you are interested.

For your reference, here is how we're doing with your investments in Valar:

Fund 2 (you invested \$15M)
3.7x gross MOIC and 44.6% IRR.

Fund 3 (you invested \$25M)
2.6x gross MOIC and 63.6% IRR.

Also, we have a co-investment opportunity for a Fund 2 company called N26 that is coming together pretty fast.

The round details for the N26 financing are:

Valuation: €2.1B (our Series A investment was at a €40M valuation)

Lead: €125M from Insight Venture Partners

Total: €230M primaries

Valar pro-rata: €29M

I have attached a couple of screenshots (we can't share the deck) that show the company's trajectory. Happy to walk through more detailed metrics by phone or in person.

Do you want to talk about the N26 co-invest or Fund V?

Hope all is well with you otherwise.

Hi Jeffrey,

We received this from your guys at HBRK. Needless to say, we'd love to have you as a partner again in Fund IV. Your investments in Funds II and III are doing very well.

If it's not meant to be, we'd love to hear your feedback on why you are declining?

Warm regards,

Andrew
