Received this Text from Gary about GiV updates,

Derrick was the \$2.8M offer that we countered at \$3.3M then he went silent, Gary reached out to him, see below,  
[REDACTED] is Geordan's Girl friend and Personal assistant,

Larry,

[REDACTED] did not take my call last night. I did not leave a vm, but I sent a text this morning and she has not replied. I spoke with Derek and they are too focused on a GIVSP to switch back at \$3.0.

I asked if it was a hard pass and he said not a hard pass, but \$3M was not enough to make them change their course at the moment. I ran another broadcast this morning and we have received 5 inquiries.
