---

Jeffrey

See attached are specs on the Glodal 6000 CVS is selling as well,  
Also, Matt has an ask of \$3.450 for the other S76, it has higher total time.,  
Matt says we are close, on the S76

See message from Matt:

Larry - see attached for the GL6000, ask is \$29.995M which matches or beats the price on all the other GL6000's for sale.

The other S76, 760714, is also asking \$3.495M, so 760750 is the better deal in my opinion.

I should have the schedule for 760750 shortly. I think we're very close on this one.

Thanks,

Matt Walter, CPA  
Sales Director
