Please see a revised LOI with the following changes:

February 18, 2019 date

Now only N722JE is being purchased

Purchase Price is $3mm with a $500K deposit

Shop Equipment and Spares are to be included with the sale at no additional price or cost to Purchaser,
subject to Seller's right to use spares for the maintenance and repair of its other S-76C through the date of
sale of the same to a third party, and provided, however, that the delivery of the shop equipment and spares is
required to be made within 5 business days after said third party sale.

Please note that based on Larry's advice that the Seller would not accept an absolute requirement to deliver
the spares and shop equipment, if there was no sale of the other helicopter, I did not include a requirement for
the shop equipment and spares to be delivered to Purchaser by a date certain.   (I was going to make it a
requirement to deliver shop equipment and spares five business days after the earlier of (1) closing of the sale
or (2) July 31, 2019 (even if no sale of the other S-76 occurred by that date). Jeffrey please confirm that this
is ok with you.

LOI acceptance deadline is 5PM February 19, 2019.

Larry, please confirm with JE about the spare parts and shop equipment only being deliverable if there is a
sale of the other S-76C. If JE is ok with these changes and that issue, then the document is already signed by
you and you can deliver it to Seller's agent.

Thanks.
