You have got to be kidding me. That fbi statement is one of the greatest I have seen in just about every
regard. I would love to know how she has explained it, what the agents have said, etc. Interested in knowing
how Edwards "found" her. She orchestrated it all. She made each girl promise to trick you into believing
they were over 18, you never pressured anyone to do anything, etc, etc. I know this is all old news to you
and I am sure you have been over it and over it with your lawyers and made business decisions
notwithstanding that his but WOW
