Equipment is moving over to GSJ tomorrow for both septic and desal trenching. Also busting stone for the wall/planter.

Mr Epstein, we do not have a crew of laborers to give Anna. All employees are currently very busy doing what you have asked and I would ask that we be allowed to manage the work force as both Stephanie and I see fit. You have said we are doing a good job and we would like the latitude to get projects you have given us completed without additional distraction and mayhem as would be the case with Anna stepping in.
