Updates

Flagpole pool

The tech states ideally if the rack is on it own breaker box. He recommends that I was heavier XLR cables(I will pick them up tomorrow). The rack was wired left and right. I will finalize labels. He has made an opening on Saturday to finalize the tuning of the rack.

Good Night Stephanie

ETC's (the vender that installed our existing phone service), Steve Bisby and I spoke about the quote for a new phone system. This afternoon Steve expressed that his boss no longer does non- continental installations. I suggested the following alternative of them quoting the equipment and I or a third party vendor (e.g. VIYA or someone else) handles the installation with technical support. He will present this option to his boss and then get back to me.

I have also reminded Earl that time is running short and we need that proposal for the LSJ/GSJ WIFI.

Also did you receive my list for items to come on the plane? if not let me know so I can resend it to you.

JRuan
