Have just left SB. We both feel that this DOC idea is a certain game changer. Instead of narrowing the JE story down to a few issues that now define you, it has the ability to enlarge to story at an exponential scale. It shouldn't pull any punches, it should just lay our your story with all its details and, even, contradictions. No one will think of you the same way again, which is the point.

I'll be in Paris from April 18-25. Would be great to get SB to come over and film there. Also to get Ollie Lloyd to come over and get that set up.
