life between zero and 1

the axioms of miracles. leibnizt gödel , von neumann, turing . . newton. heisenberg  
. not open to perception as we know it. the dark matter of the mind.  
we know its there but cant  
see it measure it, mathematzie it. but we feel it. intuit it. respond to it.

its women science . larry summers was right women are not good at mahtmatics they are good at miracles.  
giving birth for example.  
sensing the mood , creating the enviroment

incompleteness, no comutability np complete. . conciousness

optical illusions cant see the truth

truth is a mathematiel concept , no more no less. it does not apply to the world of miracles

they cant be proven, symmtery dictates two realms. algorrtimic and non algorithmic
