Subject: How to replace textbooks with 3D [webinar]

Date: Tue, 02 Apr 2019 11:23:54 +0000

Complete **Anatomy**

Hi Jeff,

This week, join special guest educator Tim Fleisher from The University of Texas at Austin as he explains how he uses Complete Anatomy to help students bridge the gap from 2D to 3D learning in the lab.

Friday, April 5th

8:00 AM PST

[SIGN UP HERE](#)

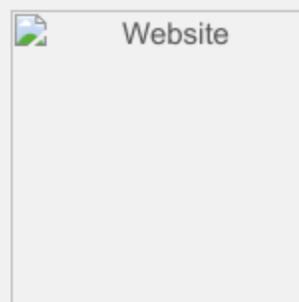

Key Takeaways:

- How The University of Texas replaced textbooks and delivered better experiences and savings for their students
- Integrating Complete Anatomy into the curriculum as a lab resource
- Delivering weekly content and keeping students engaged

Looking forward to seeing you there!
