Subject: FC15, a new Skeptiko interview, last chance for The Finders, London, ATP, and more...

Date: Thu, 28 Mar 2019 13:10:29 +0000

Hi Jeffrey,

Most importantly, registration for Finders Course 15 is now open! The course will begin April 20th, with measures week beginning on Monday, April 15th. We'll be running the latest version of the program for the second time, which is super exciting. I think we will probably close registration soon for this class, since I'll be travelling.

You can register here: <http://finderscourse.com/application-page.php>

Financial hardship scholarship applications can be made here: <https://forms.gle/XjGm5raX7M3tFS91A>

I recently did a follow-up interview with Alex at Skeptiko. I'm doing a lot of interviews and speaking engagements right now because of the book launch, but suspect that this will be a quite controversial one. You can listen to it here: <https://www.youtube.com/watch?v=jPi0H7Xdg-w>

My new book on the research, The Finders, will be out on March 31st. There's still time to pre-order and claim all your free bonuses: a PDF copy to immediately start reading, an online audiobook version, a second ebook that covers the most important things we've learned about how to transition to Fundamental Wellbeing, and more. Go here for more details: <http://thefindersbook.org/>

My new fiction book with co-author Rod Pennington is finally out! He's the friend I wrote the best-selling Fourth Awakening series with. You can grab a copy here: <https://www.amazon.com/dp/B07M6RGDGY>

I'll be in London next week for a few days to speak and do a workshop at an amazing conference that I've wanted to attend for years: <https://mysticsandscientists.org/>. If you're in the area, you should absolutely come! We'll also likely do an FC alumni dinner-type event while I'm there. If you are an alum and haven't contacted support and put your name on the list for it, please do so quickly!

I'll also be doing a special in-conference workshop at the 50th Anniversary conference of the Association for Transpersonal Psychology, in Pacific Grove, California the weekend of April 13th. This is going to be an amazing event and is not to be missed if you're in the area. You can learn more at: <http://www.atpweb.org/>

Much Love,
Jeffery
