 [Send a Seder!](#)

"I arrived [in prison] just a couple of months prior to Passover... I was very skeptical about having Passover in prison and I was in despair. But everything changed when I opened the box [of Passover supplies] that arrived from Aleph. It was much more than food, it was hope!"

"The Passover Seders here went pretty well. We received all of the materials and items provided by Aleph for which we need to send you all our immense thanks. We were able to complete all of the Mitzvahs of the Seder and had a decent amount of participation.... Once again, our sincerest and deepest thanks to Aleph for their incredible devotion and assistance with Passover and everything else you all do to help us."

"The Aleph institute made sure I was provided with sufficient Passover meals and made it possible to maintain a kosher Passover. The Seder was a wonderful experience in a horrible place... we thanked G-d for His blessing..."

"The 2 seders were perfect. The food was great. Sitting with my fellow Jews to celebrate such an important part of our history, and fulfill a Torah commandment, brings G-d to the focus point of life. Thank you for all you do for us to make sure we have everything we need to be observant...it is a wonderful gift to have this opportunity to focus on what is truly important and everlasting: G-d."
