Sorry but the messages I attached are REAL, nothing is fiction here. They are screenshots of your own words, just read them !!! The tears I endured for 3 years because of you are real, not fiction. The money I spent on psychologists after your moral destruction is real not fiction. I finally opened my eyes after I asked you if we could speak again and you answered back "I only had one chance to make you an offer that you couldn't resist". This made me understand what kind of person you are because you only do things if you get something in return. In less than a year my boyfriend bought me an apartment, a business, a visa, gave me security and happiness without expecting anything in return, just love. I didn't expect anything from you but if I have to compare which comes natural, you left me with ZERO, took me out of school and destroyed my psyche. Even if I erase your name Jeffrey, the scar you left inside me is FOREVER. I hope you will realize this one day. Good bye

I would have at least expected an apology from you after taking me out of school, leaving me with nothing and ruining my psyche for so many years. Just read the messages that I attached in the previous email and ask yourself if it's normal. Hope you won't do the same with other girls. I wish you well

The more I see how kind my boyfriend is, the more I realize what a horrible person you were. When I look back at the messages you were sending me it was constantly about putting me down all the time, asking to send you naked pictures and finding you girls. If I would say "no" you would reply "you never follow directions", "you only think about yourself", "you are a spoiled brat", "you don't want to learn", "why the other girls say yes yes yes, you only say no no no". You pretended to be my best friend for the only purpose of using me and when you understood I wouldn't give you what you wanted you completely disappeared causing me great pain and psychological damage. Now that I took a step back I realize how disgusting your behavior was. Now I finally know the difference between good and bad humans and thanks to you I became closed, careful and considerate.
